Company Profile

SSQ was incorporated in 1999 in Saudi Arabia with a vision to providing technical support services to major projects executed in Saudi Arabia for industrial giants like Saudi Aramco, Maaden, KJO, SABIC, Petro Rabigh, etc. The rapid development of the oil & gas industry in Saudi Arabia opened venues for us by creating a new client base across the region. Eventually, SSQ engaged in providing other Engineering & Technical services to various process industries. SSQ is geared to surge forward with its decade old track record and high reputation.

CEO Message

We take pride in being one of the emerging Engineering, Procurement and Constructing firms in Saudi Arabia having achieved remarkable growth in a short span and contributing significantly to the development of the Kingdom.

The company has left its mark in the field of construction and engineering through competitiveness and timely delivery with high quality standards and recognized safety performance. We have a long tradition of serving our valued customers to their complete satisfaction through efficient management and excellent workmanship, which we continue to maintain with the untiring efforts of our management and employees. We recognize how important it is to find and recruit the best people for our business, but more crucially we also place a large emphasis on developing our employees' skill and careers through various training programs.

As we look to the years ahead we renew our pledge to remain committed to excellence, keep abreast of changes and innovations, adopt better management and construction techniques and successfully overcome all challenges before us.

Sincerely,

Moath Al Qahtani

CEO
